Orthopedic ONE grows by five new surgeons - specializing in adult reconstructive surgery, sports medicine and spine surgery

COLUMBUS, OHIO (June 22, 2020) – Orthopedic ONE is pleased to announce five new physicians who have recently joined or will join the practice soon - increasing its roster to 61 leading orthopedic and physical medicine specialists. One began practice in February and the remaining four will begin seeing patients in August or September at locations across the practice’s central Ohio footprint.

“As the largest physician-owned orthopedic group in the region, we are constantly evolving to meet the needs of our expanding patient population,” says Scott Van Aman, M.D., managing partner, Orthopedic ONE. “When we decide to welcome new physicians to our group, it is imperative that they share our mission to keep patients first in all we do. This newest class of surgeons exhibit the highest levels of compassion and expertise within their professional and personal pursuits and we look forward to working alongside them.”

Andrew Campbell, M.D.

An orthopedic surgeon specializing in adult reconstructive surgery, Dr. Campbell will see patients at both the Upper Arlington and Dublin offices beginning August 10. He completed his undergraduate and medical degrees, as well as his orthopedic residency, at The Ohio State University - where he earned honors such as Junior Resident of the Year and Resident Educator of the Year. He is scheduled to finish his fellowship training in adult reconstructive surgery at the Cleveland Clinic this summer before joining the practice.

He will bring with him extensive training in complex primary and revision hip and knee replacement, as well as all hip approaches both direct superior and direct anterior. He is also certified in robotic-assisted hip, knee and partial knee replacement.

Passionate about sports and volunteering, Dr. Campbell has provided sports medicine coverage for the Columbus City Schools’ football teams and has coached football at Worthington Kilbourne High School. He has also served as a volunteer for the Steps for Sarcoma Walk and the New Life Free Clinic. Expecting his first child in September, he and his wife are eager to return to his native city of Columbus.

Graham Pallante, M.D.

An orthopedic surgeon specializing in adult reconstructive surgery, Dr. Pallante will begin caring for patients at the Gahanna/Reynoldsburg and Grove City offices on September 1. Following receipt of his undergraduate degree from The Ohio State University, Dr. Pallante earned his medical degree from the Wright State University Boonshoft School of Medicine. He completed his orthopedic surgery residency at Mayo Clinic, where he was recognized as the top clinical performer in his class, and will finish his fellowship training in adult reconstructive surgery at the Cleveland Clinic in July.

During his residency and fellowship, he received extensive training in all hip approaches, including the direct superior and direct anterior replacement. Additionally, he has training in partial knee replacement, as well as complex revision hip and knee replacements. A Granville native, Dr. Pallante looks forward to starting practice close to family and friends.

Robert Ryu, M.D.

An orthopedic spine surgeon, Dr. Ryu will begin treating patients at the Upper Arlington and Dublin offices on August 17. He received his bachelor's degree in bioengineering with highest honors from the University of California, Berkeley, and then went on to earn his medical degree from the University of Illinois at Chicago. He completed his orthopedic surgery residency at The Ohio State University and will finish his training in the combined orthopedic-neurosurgical spine surgery fellowship at Cedars-Sinai Medical Center this summer. He will bring with him extensive training in minimally invasive surgery, cervical and lumbar disc arthroplasty, motion preservation technology and navigation-guided and robotic-assisted spinal surgery to treat adult degenerative spinal disorders, spinal deformity and spinal trauma.

In addition to his traditional medical training, Dr. Ryu has military experience as a medical officer and F-16 flight surgeon in the United States Air Force and in the Ohio Air National Guard. A combat veteran, Dr. Ryu deployed to Kandahar, Afghanistan in support of Operation Enduring Freedom 2012-2013. He continues to serve as a Major and senior flight surgeon in the 180th Fighter Wing - Toledo Ohio Air National Guard. Finally, Dr. Ryu is a proud dog dad of his rescue dog, Walter.

Kyle Sochacki, M.D.

A sports medicine surgeon, Dr. Sochacki will begin seeing patients at both the Upper Arlington and Dublin offices on August 10. He received his undergraduate degree from Cleveland State University, where he was named the College of Science's Most Outstanding Senior. He stayed in Ohio for medical school, earning his degree from the University of Toledo College of Medicine, then traveled to Houston Methodist Hospital for his orthopedic residency. Dr. Sochacki will finish his sports medicine fellowship at Stanford University in July.

He has assisted in providing sports medicine coverage for athletes of all experience levels, including the San Francisco 49ers, Houston Astros, Oakland Athletics, Stanford University men's soccer and women's basketball and Rice University baseball. A

Cleveland native, Dr. Sochacki looks forward to returning to Ohio and raising his three children in Columbus with his wife.

Scott Shemory, M.D.

Dr. Scott Shemory is a Board-certified Orthopedic Surgeon with fellowship training in sports medicine and shoulder reconstruction. He began caring for patients at the Grove City and Hilliard offices in February and brought with him extensive training and experience in the following procedures: Arthroscopic Shoulder, Knee and Elbow Surgery; Shoulder Instability and Rotator Cuff Repair; Complex Shoulder Reconstruction; Anatomic and Reverse Total Shoulder Replacement; Revision Shoulder Replacement; ACL Reconstruction and Meniscus Repair; Complex Knee Ligament Reconstruction; Knee Cartilage Restoration Surgery; and Elbow Ligament Reconstruction.

Dr. Shemory received his undergraduate degree from Miami University and attended medical school at The Ohio State University College of Medicine. He then went on to complete his orthopedic residency at Akron Summa Health System, where he served as Chief Resident, Department of Orthopaedic Surgery. Following residency, Dr. Shemory completed a fellowship in orthopaedic sports medicine and shoulder reconstruction at The Ohio State University.

To date, he has served as a team physician providing sports medicine coverage to The Ohio State University Football Team, Columbus Clippers AAA Baseball, and The Ohio State University Hockey Team.

Prior to joining Orthopedic ONE, Dr. Shemory practiced at the Adena Bone and Joint Center in Chillicothe, Ohio for two years. He resides in German Village with his wife and son.
