Orthopedic One is searching for a dynamic individual to join our team as the Preop/PACU RN at Orthopedic One Surgery Center at Easton. The primary responsibility of the Preop/PACU RN is to provide planned, skilled nursing care for patients in the critical preoperative and postoperative period of the perioperative process. Details about this exciting position are as follows:

**Position Summary:** This position is responsible for providing planned, skilled nursing care for patients in the critical preoperative and postoperative period of the perioperative process.

**Responsibilities/Accountabilities:**
- Supervision of employees, including timekeeping, scheduling, and performance management (disciplinary action, performance evaluations, terminations, etc.).
- Supports the philosophy, mission, and employee code of conduct, goals, and objectives of Orthopedic One Surgery Center of Easton.
- Contributes to the progress and development of the Organization's adopted Quality Management Program.
- Communicates effectively with patients, visitors, physicians, and co-workers.
- Maintains professional competence by participating in continuing education and other learning experiences.
- Adheres to safety and environment of care policies and procedures in performing job duties and responsibilities.
- Effectively organizes time, equipment, supplies and personnel.
- Performs thorough preoperative patient assessment required in the outpatient setting.
- Performs safe and individualized nursing care for the patient in the immediate postoperative/post-anesthesia period.
- Surveils patients and administers physician’s orders during both the preoperative and postoperative stages.
- Demonstrates the knowledge and skill necessary to provide appropriate care for patients of various age groups.
- Other duties as assigned by supervisor, administrator, or delegator.

**Other Required Responsibilities:**
- Must be willing to fulfill multiple roles and positions in advance of the surgery center opening.

**Education, Experience, and Certification/Licensure Required:**
- Completion of an accredited nursing program required.
- Current state nursing licensure required.
- Previous experience in preoperative or critical care area preferred.

**Knowledge, Skills, and Abilities:**
- Positive, effective, and professional communication (both written and oral) skills.
- Knowledge of medications, general health conditions and their impact on the perioperative course and anesthetic considerations.
- Able to make decisions confidently and quickly.
- Able to work well under pressure and stress.
Preop/PACU RN

Physical Demands:
- Require high-level visual and auditory acuity for timely response and patient care assessment activities.
- Ability to move quickly in response to physician and patient needs, and to stand for long periods.
- Occasional overhead and low reaching, and to exert force of up to 50 lbs. occasionally, up to 20 lbs. frequently and/or up to 10 lbs. constantly.
- Patient care activities may require the ability to exert force of up to 30 lbs. constantly, up to 40 lbs. occasionally and up to 100 lbs. rarely.

Occupational Exposure:
- Category I exposure to bloodborne pathogens, may encounter chemical hazards.

Please note that the surgery center will open in summer 2016. However, this position will be hired in advance of opening. To apply for this posting, please submit your resume and cover letter to careers@orthopedicONE.com or fax to Attn: Human Resources at (614) 552-2527. If offered a position, candidate must be able to pass a pre-employment background check.
